CURRENT Attunements to the New Earth Star Grids, Initiations and Energy

ThothHorRa

I am providing a means here for everyone to participate in the work we are doing with the New Earth Star (NES) consciousness through our focus within Second Life. Thus even those of you without the ability or guidance to engage Second Life (SL) can now join us in this work all the same.

What we are doing in Second Life with the New Earth Star Island Estate (NESIE) is in fact working with the NES consciousness in various ways to help anchor and integrate it with our current reality system thereby providing a further "boost" to the collective ascension process.

ThothHorRa is facilitating some high level Metatronic dynamics through what we are creating in SL on NESIE. Therefore, in order that our non-SL folks can join us in this work, we will now be making ThothHorRa's speaking and initiation available to everyone online. The link to previous full the transcripts of the gatherings are found below.

You may then go into meditation with ThothHorRa on your own, or with your own group, and attune yourself to that specific initiation, repeating it aloud if possible. It is suggested that you print off a color copy of the ThothHorRa image (above) to use as a transmission portal for the process.

ThothHorRa to our NESIE Gathering in the Tachyon 11th Heaven Sky Pyramid on 1/18/09:

ThothHorRa Khandr: Today we will expand our focus upon the connection of the etheric pyramid of Giza...["Temple of the Morning Star"](#)...and it's connection to NESIE and our work here. The Temple of the Morning Star is the etheric level of the Great Pyramid. It was installed as such by myself as Toth'mu'zurud, even before my lifetime as Thoth Raismes of Aphra; "Aphra" meaning the "altar place" - the table of earth - the Pyramid of the Risen One (Giza).

Toth'mu'zurud brought the blueprint to earth and from it was great the great table at Giza. The several

pyramids...including the Great Pyramid or Temple of Osiris...the Risen One. Yet the Temple of the Morning Star is the etheric level is dedicated to the Supreme aspect of Osiris as the Christos, the Archangel of LIGHT who was to embody upon the Earth within I'shoa (Jesus) in a later epoch.

Thus the Temple of the Morning Star is his BODY contain the etheric properties of LIGHT and subtle dynamics which are personified in the sacred geometry of this etheric temple - the Osiris temple, also later known as the Temple of the Lion. This is an anchor in the Earth as a Pillar of Fire.

For NESIE the connection to the Temple of the Morning Star is strong, as we here are creating a bridging to the New Earth Star and the "MORNING STAR" is the Body of that Bridge - the Divine 'bridegroom' of In La'kech who is the Sophia-Isis. Divine Feminine of the New Earth. This sky pyramid of the 11th Heaven in which we now sit, with its tachyon pillar integrates with the whole "Pillar of Fire" system of Giza and most especially with the Temple of the Morning Star.

EACH of you here today have DNA composed of star particles from the first moment of universal creation. It is within the Temple of the Morning Star that these particles are condensed with the cube of Adonai Kodesh, containing within it a sphere made of crystal sophra which is a very pure form of crystallized white Prima Matra. Prima Matra is "First Matter" containing that condensed star dust of the FIRST CREATION MOMENT. It is the truest and purest of Manna, and this pure manna is resonate with the star particles in your DNA.

So let us now take this in...BREATHE in this 'information' and allow it to become pure essence instead. FEEL the connection...the intimate connection you have with the FIRST MATTER...the purest of that being the MANNA of the Adonai Kodesh. WE ARE ALL STARS. We are like beacons, glittering in a stellar SKY of PRESENCE and BEAUTY upon the sacred TREE OF LIFE! The UNIVERSAL TREE through which we enter the NEW EARTH STAR...and beyond.

Now see yourselves within the Temple of the Morning Star - however it appears to you. Feel your body integrating with its LIGHT and BEAUTY, which is the CHRIST of your HEART of HEARTS. Approach the CUBE of the Adonai Kodesh. Feel its radiating FIRST LIGHT - that first moment of creation! Your star particles respond by sending signals throughout the rest of your body, quickening it to respond and to LIGHT UP with divine fire! BRING in this FIRST LIGHT...down through the Tachyon column of our NESIE pyramid. BREATHE it down as if this pyramid in which you now abide is your BODY. Concentrate it in your LUNGS and breathe it down into the column. Then send it down through the Gaia Egg and into the generator crystal below it, then out...OUT into all of NESIE! Feel the QUICKENING as the virtual is brought into contact with the etheric and with your own etheric, energy and physical bodies.

Like a GOLDEN WAVE it spreads through you and through NESIE and all of Second Life, moving out through the internet globally and out beyond the virtual into the WORLD of matter and life! On this planet at this time, all is being made ready for the OPENING OF THE TOMB. The stone shall be rolled away in PLAIN SITE and the LIGHT of the WORLD shall come forth. No doubt will there be as to it's occurrence. No religion can claim it. No hand may stay it. No eyes can close from it's brilliance. It will be total and complete.

In the Preparation Time - now in which you are living - EMBRACE the "Good News" and live in it's shedding light.

After January 20th, 2009...a new era shall begin. Be PRESENT with it, for it is within you...WITHIN YOU! You shall make of it the new WORLD. AND SO IT IS!

ThothHorRa to our NESIE Gathering in the Tachyon 11th Heaven Sky Pyramid on 1/25/09:

Today we will open the scroll on the nature of Stargates and portals. A large and diverse topic so we will only take a brief scan of it now. It is important to see the true nature of what humans "think" they are. A true "stargate" is a access to another dimensional point in the universe that is primary for the development or shall we say "staging" process of that sphere of thought operating in a world consensus. So in other words, humanity is drawn to certain reference points in the universal spectrum which respond to the consensual reality of that world state or stage. The Hierarchy (another name not fully comprehended) guides this process where humanity is open to receive guidance, but it does not install Stargates. Stargates are co-responders to greater universal dynamics when triggered by thinking beings, such as humanity. Portals on the other hand, can be "installed" by extra, ultra or human beings through intention to connect to a specific dynamic playing out somewhere in another dimension -

or even same dimension but different place. Portals are sub-systems of world grids that are most usually created rather than being of natural origin, but can be spontaneously created when natural planetary grids overlap in places.

Here with NESIE in our virtual "playground" of earth-cosmic synthesis we are creating a "portal" through the installation above In La'kech. This is simply a visual trigger to help you access the In La'kech Temple Field of the NES. However, in general at this time, humans operating in the New Age belief systems are tending to put too much emphasis on Stargates and portals as if these are doors to "salvation." They not. They are tools and windows only. One cannot pass through a window closed to them. Why might it be closed? Because the heart is the KEY, and if the heart is not yet ready, the door will not open.

Let us take a moment of stillness and quite...allowing the essence of this to filter into the energy bodies and the heart.

Now, turn environment to Midnight and parcel music on please.

Before you see a vast plain of golden sand. In the distance are mountains of majestic height - colors of azure and silvery white. Above the tallest mountain in the center is a white shining cloud-pillar forming, gathering from the ethers as a Being bringing it's Self into focus before your eyes. Out of the midst of the Pillar / Being a Violet flame comes forth igniting and casting a pale lavender of light-shadows upon the desert sands all around you.

As you look around now, you see that the sands are littered with beautiful crystals of every color and hue - small enough to take into your hands. Pick one up. Feel its nurturing WARMTH. Hold it next you your heart. Hear it whisper: LOVE, LOVE, LOVE I open to you...I AM YOUR BELOVED who dwells within the PILLAR...the Pillar of your Being...your Grace...your Light that you see before you in the sky. I call you...I beckon you...I give you the sustenance you seek. You THIRST...I give you my liquid LIGHT. You HUNGER...I offer you the Manna of my Body...the PILLAR of the Temple. I do not forsake you. COME UNTO ME AND I WILL REFRESH YOU. AHU A AHMIN Until the end of time...and beyond!

AND SO IT IS. FILL YOUR HEART NOW...FILL IT FROM THIS DEEP WELL OF THE CHRISTOS IN THE MIDST OF THE PILLAR OF THE FLAME.

Now let us turn off the parcel music and place environment back to midday. In conclusion, let us tone the bowls together, shall we? Thank you.

Please continue to visit the mountain and experience the PILLAR OF LIGHT within.
